

Inavale Community Partners Board Meeting

AGENDA May 3rd, 2021, 6:00 p.m.

URL <https://zoom.us/j/3402488482?pwd=T0xISFNsTVZ3U2FIZGdMcHh3ajg2QT09>
Meeting ID: 340 248 8482

Password **Muskrat**

We will be attempting a dual in-person and Zoom meeting. The in-person meeting is outdoors at 5570 SE West Hills Rd, Corvallis. First driveway on the left after the roundabout. The Public will not be able to participate until the conclusion of the Executive Session.

The public may also participate online via Zoom. If executive session is in progress attendees will be placed in the waiting room until we return to public session.

In the event of technical trouble we will limit ourselves to the executive session and cancel the public portion of the meeting.

6:00 to 7:15: Executive session pursuant to ORS 192.660.2.i: *“To review and evaluate the employment-related performance of the chief executive officer of any public body, a public officer, employee or staff member who does not request an open hearing.”*

7:15 to Close: Public Discussion and Decision

1. If necessary, discussion or decision follow-up for any Executive Session topics that need to be moved to public session.
2. Brainstorming strategic planning, school improvements, and school organization for the upcoming school year.
3. Review proposed Community Feedback Surveys for 2021.
4. Procedure matters and possible response related to the complaint heard on April 19th in public session.

Please send comments or questions to board@muddycreekcharterschool.org

Vision:

Muddy Creek Charter School is a rural public school dedicated to the integration of an outstanding academic program with its community – the land and its people. We offer a joyful and creative educational experience where engaged students practice the skills they will need to be effective citizens and stewards in the future. Muddy Creek Charter School will serve as a model for preserving schools in rural communities.

Mission:

Muddy Creek Charter School was founded to provide an outstanding K-5 public educational program for children who reside in and around the Muddy Creek Watershed. In multi-age classrooms, the school will deliver a place-based, project-based, integrated arts and science curriculum grounded in its rural agricultural setting; and commitment to community service. Diverse learning styles will be fostered. MCCS will be supported in its efforts by forging and maintaining partnerships with local landowners and

agencies, OSU researchers and the community at large. Our success will be our children. The students of MCCS will not only meet or surpass the state benchmarks but will also have a deeper understanding of their place in the world as demonstrated by portfolios of high quality projects, and they will be well prepared to transition into other schools for their continued education.
