

Code: JHCCA
Adopted: July 2020

Students - HIV, HBV and AIDS**

The Muddy Creek Charter School (MCCS) will adhere strictly in policies and procedures to the Oregon Revised Statutes and the Oregon Administrative Rules as they relate to a student infected with HIV or HBV or diagnosed with AIDS¹.

The MCCS recognizes a parent (student) has no obligation to inform the MCCS of an HIV, HBV or AIDS condition and that the student has a right to attend school. If MCCS is informed of such a student, written guidelines shall be requested of the parent (student). These guidelines shall include who may have the information, who will give the information, how the information will be given and where and when the information will be given.

When informed of the infection, and with written permission from the parent (student), MCCS will develop procedures for formulating an evaluation team. The team shall address the nature, duration and severity of risk as well as any modification of activities. The team shall continue to monitor the student's condition.

Notification shall be made to a student's resident district if the student with HIV, HBV or AIDS, withdraws from MCCS.

The Muddy Creek Charter School shall also develop procedures for rumor control, infection control, student accommodations and public relations/media.

END OF POLICY
